# ABOUT US

“The essence of our culture is built on meeting global standards in every aspect of our business.”

We are Group of companies having head quartered at Karnal, Haryana (India) is a global manufacturer & Expoter of Pharmaceutical, Nutraceuticals & Cosmeceuticals company. Which deals in only finished formulations. Our history started since 1979 & we started manufacturing 1995. we are actively engaged in Manufacturing, Export, Contract Manufacturing, PCD & Govt. supply to global pharmaceutical companies.

In the pharmaceutical industry, consumer protection assumes special significance because the purchaser of a drug product has no way of knowing whether the medicine/drug he has purchased and intends to use will be safe and effective. With a view to maintaining quality of our products we have adopted a policy of operating the pharmaceutical manufacturing under control of a Quality Management System installed and operating as stated in the Quality System Manual. The purpose of the policy is to ensure that all strict measures and standards which are legal as well as jointly set by the customer and our own

Today we have successfully ventured into **PHARMACEUTICALS** i.e. **Injectable, Tablets, Capsule, Ointments, Syrups, NUTRACEUTICALS, COSMECEUTICALS, HERBALS, SURGICALS** etc. medicinal preparations. We are serving in the domestic market with our own renowned number of divisions and through contractual manufacturing. Apart from this we have also established our self in international market by serving the 22+ countries.

Our futuristic agenda is to serve more countries with more good quality products.

The company employs approximately 500+ employees at its five manufacturing facilities. The strength of our organization is our highly committed and experienced team. Throughout the years, we have been able to attract and retain the best talent in the industry. You will learn that our staff pays the same professional attention to all the projects and through a personal commitment; our company achieves a very high level of reliability.
